

Our new **Crawler Carrier, TC2500Pro** offers an unrivalled method of transporting heavy goods through confined spaces.

It is filled with state of the art technology, yet is simple and reliable to operate while maintaining the highest level of safety.

Safety features include an LCD display on the Remote Control displaying gradient levels, hazard lights front and rear as well as automatic gradient and speed monitoring.

One of the biggest advantages of the Crawler Carrier is also one of the simplest

It's a safe tool and aid to actively reduce worker fatigue and significantly lower risk of injury due to manual carrying of heavy or bulky items through restrictive areas or terrain, all at the push of a button.

FEATURES

- + Efficient electric drive
- + Fully proportional remote control
- + Hazard lights front and rear
- + Rotating extendable platform
- + LCD information screen on remote control
- + Automatic gradient/ speed monitoring
- + Non-marking tracks available

**AVAILABLE
FOR WET
& DRY HIRE**

The TC2500Pro is a true heavyweight in compact packing

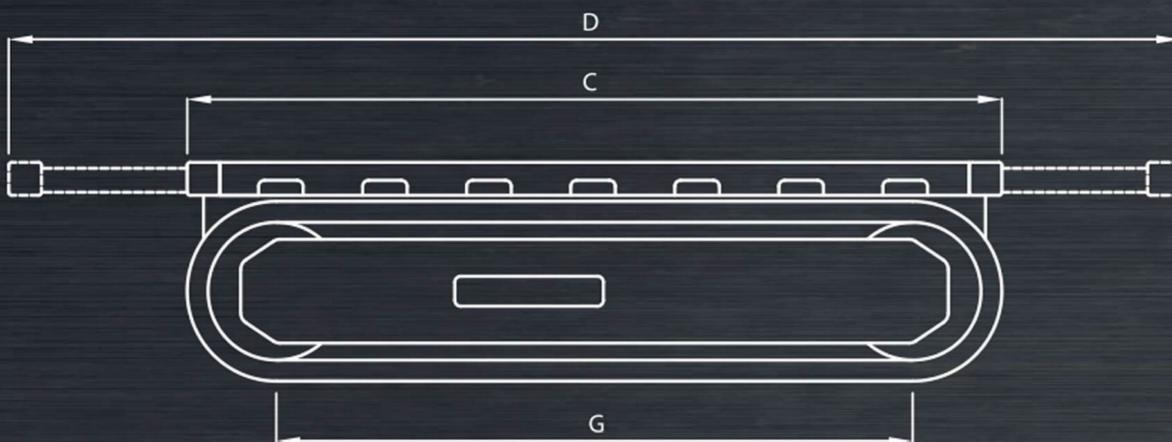

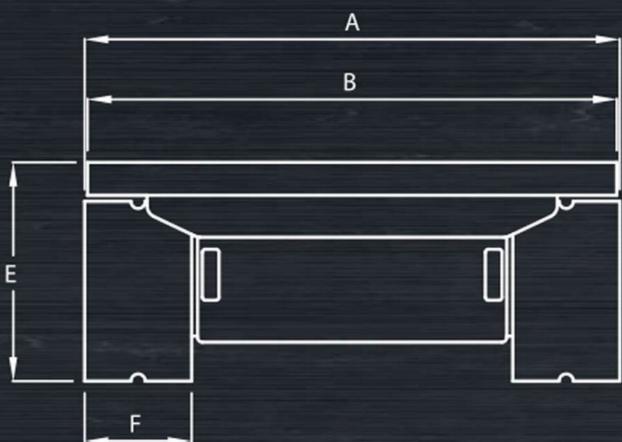

At only 950mm width, a tare weight of only 500kg and equipped with a rotating deck, it boasts an impressive carrying capacity of up to 2,500kg. It can also be equipped with white, non-marking tracks, the perfect solution to protect your sensitive floors!
